## EPP User Guide Overview

Introducing the Sentinel EMS Enhanced Partner Portal, a powerful tool designed specifically for Distributors/Re-sellers to view important software entitlement information for themselves as well as their respective customers. It's a comprehensive solution for detailing entitlement information by orders, activations, and devices. In addition to providing separate detailed views, Distributors/Re-sellers have the ability to search and filter information by accounts they are affiliated to. Distributors/Re-sellers can export these details to a csv file when required, from each of these views. Partners can activate **offline** devices via activate buttons on behalf of their end customers.

### User Access:

If your organization/account is a member of Zebra's Partner Connect program, please contact your Partner Administrator to grant/approve access to Zebra Software License Management or contact the Partner Interaction Center for more information.

NOTE: Users must have been granted access to the Thales Enhanced Partner Portal before login

Distributors/Re-sellers can access their Entitlements or activate licenses based on their requirements, for this user must use secure Single Sign-On (SSO) login

User can login by SSO credentials by using below url

EPP URL - <https://zebratechnologies.prod.sentinelcloud.com/epp/>

The screenshot shows a web browser window displaying the login page for the Zebra Sentinel EMS Enhanced Partner Portal. The page features the Zebra logo at the top center. Below the logo, there are two input fields: "Username\*" and "Password\*", both with asterisks indicating they are mandatory fields. A blue "Sign In" button is positioned below the password field. At the bottom of the form, there are two links: "Forgot your password? Reset Password" and "Need to change your password? Change Password". The browser's address bar shows the URL: <https://nest-gl.zebra.com/ldap/SSO.saml?Request=+R0dThwEPwrt%2FwU5GtuQALJfuo0TCK3g0W4MqibupT5mT%2FP5YQvV0F%2BwhT2mdDxuu33MAFu0Z2Nky5HMaAA12ndkFyQ2jy...>

Once user updated SSO credentials and click on Sign In button, will be routing to landing page which has majorly four functionalities, those are

- Customer Inventory,
- My Inventory,
- A powerful Search option and
- Export CSV

and Zebra logo, Home icon, User details also available on the landing page as shown in below image.

## Search Tab

Search Tab functionality is about searching for the details of the product or entitlement with various search options.

It has majorly provided Order and Activations Search Option

Once user selects Order search option – various search options provided.

Below are the search options

- Customer Name
- Sales Order
- Purchase Order
- Partner Name

- Product Key ID
- Product Name
- Order Date Range (from – To)
- Expiration Date Range (From – To)
- BadgeID
- Clear & Search Buttons

Orders    Activations

---

Customer Name	Sales Order Number	Purchase Order Number	Partner Name
Product Key ID	Product Name	Order Date Range From	Order Date Range To
Expiration Date Range From	Expiration Date Range To	Badge ID	

Clear All    Search

Show All Assets     Show Only Assets with Available Activations

Activation Search option also provides similar search functionality as Orders search.

Orders    **Activations**

---

Customer Name	Sales Order Number	Purchase Order Number	Partner Name
Product Key ID	Product Name	Activation Date Range From	Activation Date Range To
Expiration Date Range From	Expiration Date Range To	Device Name	Device ID
Badge ID			

Clear All    Search

## Export CSV

Tool Provide additional functionality where user can able to export data for Customer Inventory, My Inventory and search options

Once user clicks on the Export CSV button – it will be generating report in CSV format and download the report.

**Activation Made Easy:** Simply fill in the required details for product activation and lock-in options to ensure smooth transactions every time.

**Note – This is a rarely used process to activate licenses only for OFFLINE Activation and don't use this for ONLINE activations**

- End Customer Name:
- Channel Partner(s):
- Sales Order Number:
- Product Key ID:
- Purchase Order Number:
- Order Date: and

The screenshot shows the 'Customer Inventory: Order Details' page. At the top, there are navigation links: 'Customer Inventory', 'My Inventory', and 'Search'. Below this, the order details are displayed in a grid:

End Customer Name :	Zebra Internal	Channel Partner(s) :	ZT Distributor, ZT Reseller	Sales Order Number :	SO12162024##SO12162024SO12162024SO12162024
Product Key ID :	4d4c4f9a-dc86-472f-889d-e54ea6f5c9b9	Purchase Order Number :	PO12162024	Order Date :	12/16/2024

Below the order details is the 'Activate' section. It has a sub-header 'SPECIFY RECIPIENT' and a note: 'Note: Activate and Download license file for OFFLINE Activation/Deployment only. Do not use for ONLINE activation'. The form includes:

- 'Send license email to:' with two radio buttons: 'Me' (unselected) and 'Someone else' (selected).
- 'User Email\*:' with a text input field containing 'SM8258@zebra.com'.
- 'Time Zone:' with a dropdown menu showing '(GMT+00:00) Default'.
- 'Customer Name\*:' with a text input field containing 'Zebra Internal'.

**Lock To Option & Activation:** Once user have provided the necessary product details, simply lock in their selections and activate them with ease.

As a partner, they usually activate the license for someone else (customer), So user has to select someone else option, and update email id and selects time zone from dropdown, then select the variant and update quantity to 1.

**Note – User has to increase quantity only 1 (based on customer needs they can increase to more than one, this would be rare scenario)**

**Lock To – User needs to select option based his needs (Existing or New) update device name device id and Ethernet address**
